Chamber Succeeds In Promoting Paving Project

Also Changes Meeting Place To Bowlero Cafe

The Lemon Grove Chamber of Commerce has successfully sponsored a Broadway resurfacing project and the work will be done Sunday, Larry Folda, chamber president, announced at the group's regular monthly meeting last week.

Mrs. Connie Carlton, chairman of the committee, said that she had gotten signatures from every business house on the north side of Broadway between

Chamber President Larry Folda said this week that the check for $2,100 returned to the chamber and burned by him, was presented by John Adlon, general manager of the Walker Scott College Grove store. It was erroneously reported in these columns earlier that Eugene Ageno, a Walker Scott official, had made the presentation for George Scott. The check was one issued to Scott in repayment of a loan he made to the chamber of commerce. Scott, late last year said he would forego repayment if the chamber raised enough money to meet the obligation. This was done through a community-wide contest sponsored by the chamber.

Imperial and Grove streets. The area, privately owned but used for public parking, has been in a poor state of repair for a year, she said.

Firms will pay $2.40 a linear foot for the resurfacing job. An added 15 cents per foot will be paid for re-striping the area. Piece-meal work is being done on the matching parking area on the south side of Broadway. R. C. Speaks got the work contract.

Directors also agreed to change the meeting date to the first Tuesday of each week and to change the meeting place to the Lemon Grove Bowlero for the next three months.

Meetings have been held at the El Morocco Cafe. After the three months at the Bowlero, the chamber will meet at Michael's for a similar period, then back to El Morocco.

Also under discussion was a new set of bylaws which Attorney Wallace Dorman is putting together. Much of the ambiguous meaning of the present set is being eliminated, he said.

The DIMMER VIEW

by MAX GOODWIN

As revolting as the murder of ten-year-old Mary Lou Olson is, we, as adults must accept the lesson her death teaches.

The little girl was found murdered Tuesday night in an arroyo near Rosarito Beach, the result of the action of an inhuman fiend. The tragedy warns us of several things.

Parents must again warn their youngsters about getting into autos with strangers, or taking anything a stranger offers no matter how desirable the trinket or confection is.

Parens must re-examine the schedule of activities kept by their youngster and make sure every minute can be accounted for, even for routine trips from school or to or from the market or show.

Finally, parents must re-examine their family relations . . . especially parents who face a family break-up. (Mary Lou was a member of a broken family). It takes two parents (plus a grandpa and a grandma) to raise youngsters. It takes parents who have deep religious and moral respect to provide a pathway for youngsters by which traps such as that set for Mary Lou can better be averted.

Such a tragedy provides a sombre backdrop for meditation, but the warning is crystal clear.

The new Fair Employment Practices Act is going to contain some mighty interesting ground-rules.

The rules, more particularly those pertaining to pre-employment practices, are presently being studied and those approved will be made a part of the Act after the Fair Employment Practices Commission holds hearings within the next 30 days.

The rules to be acted upon are specifically designed to avert pre-employment discrimination. If all the rules that are contemplated are made effective, great harm can come as a subsidiary accomplishment. It will deny the employer some of his traditional rights to ask questions of those he intends to employ. It will produce a condition whereby God-fearing, patriotic Americans can be suspected of Communistic coloration simply because he may not be questioned. Whispers from the lips of those who would further the Communist cause could

Absenteeism Drops From 40% to 20%

Illness Still Weakens Ranks At Schools, Civic Meetings

An epidemic of "upper respiratory ailments" which has swept across this area seems to be slacking off, a survey by this newspaper revealed this week.

Grossmont Hospital officials said that the number of patients there with such ailments had dropped to half of what it was a week ago. Local doctors also said that fewer such patients have been coming to their offices.

But despite the leveling off of cases — which were termed "flu" by some and just "bad colds" by others—the ailment was still taking its toll.

A survey of business firms this week in this area revealed that one out of five (20 per cent) have at least one employe absent. In this group, many had at least two employes absent and at least one had four missing. Four out of 10 (40 per cent) of the business firms queried had employes on the sick list last week.

Another four out of 10 businesses had escaped the illness.

The affect was felt by schools, where many youngsters were home with the flu or colds. The Lemon Grove School Board meeting Monday night was "bob-tailed" by having two of the five board members sick At the previous meeting, three had been ill.

Other meetings—for instance, the Lemon Grove Taxpayers' Assn. Monday night—were curtailed because of illnesses in families. An official of the association, just recovered from the flu, said that 17 per cent of the employes where he works were absent from their jobs.

And the absentee figures didn't tell the whole story. In almost all business firms covered by this newspaper's survey, there was at least one person with a cough or the sniffles who declared that he felt "terrible, but not bad enough to go home and go to bed." To these people it was small comfort that officials were seeing a "diminishing" of the epidemic.

Taxpayers Launch 'No Politics' Plan For 1960 Action

Claim Victory In Recreation Plan's Defeat

The Lemon Grove Taxpayers Association, claiming a "victory" in the recent defeat of a recreation district proposal, this week embarked on what its new president termed "a policy of cooperation in community activities."

C. H. (Les) Benson, the new president, thanked members of the association for efforts which resulted in the defeat of a proposal to establish a recreation district in a community-wide vote on December 22.

"This," he said, "was a good score in our favor."

He went on to say that under his leadership this year, the association will take a close look at taxes and tax laws, will offer its aid to other taxpayers associations, "and will be too busy to get involved in politics."

Dr. Frank Gigliotti, who has used the floor at taxpayers' and other meetings as a base for launching pointed attacks at county officials, particularly Supervisor David Bird, asked Benson if he (Benson) intended that the association avoid working for the defeat "of individuals who tax us to death, spend more money than we have, and run all over the country running up big expense accounts."

"That," said Benson, "is exactly what I mean."

He went on to temper his decision slightly by saying that if the board of directors of the association were to order him to change the policy he would do so, but "until the board tells me differently, we are going to stay out of politics."

In other business at the meeting, Benson appointed Eugene R. McCoy as the taxpayers representative on the Lemon Grove Coordinating Council after past-president Milton Lear reported that the council had asked such representation last October.

"I've been holding this matter in abeyance until our new officers were elected," Lear said.

One of the reasons given by Taxpayers members for opposing the proposed recreation district had been that the Coordinating Council, sponsor of the proposal, had ignored the Taxpayers in inviting the area's organizations to join its ranks.

Apparently, from comments made at Monday night's meeting, few if any of the Taxpayers members knew that they had been invited to Coordinating Council meetings.

Coordinating Council To Name New Officers

The Lemon Grove Coordinating Council next Monday will elect officers to serve for the current year.

Mary Lou Turner, secretary of the council, said that a nominating committee is to submit a proposed slate of officers. Other nominations will be accepted.

The meeting is scheduled for 7:30 p.m. Monday at Lemon Grove Junior High School Cafetorium.

Lemon Grove Men's Club Eyes New Role, Larger Membership

The Lemon Grove Men's Club has set its sights on a membership of 200 "so we can mean something in the community."

William Davies, who presided over his first meeting of the cub since being elected to the presidency, reported on several matters considered by a special committee which met earlier.

On the committee were John Dail, vice president of the club; Tony Sonka, Larry Folda, Harry Griffen and James Spears. They discussed and the Men's Club on Friday agreed:

MEMBERSHIP — Membership in the Men's Club henceforth will come only after written application by the pr spective member. Heretofore, a membership card was handed to any man who attended a meeting. Honorary memberships still will be given to distinguished guests.

PROGRAM — The same committee will serve for a while as a program committee, selecting topics of interest to the community and providing speakers who can give information about the subject.

GIRLS — Fashion models who display clothing at noon on Friday's at Michael's Cafe (where the weekly meetings are held) will not be allowed to enter the meeting room while the business sessions are underway because of their "distracting influence." There were some hints of member resignations at this announcement.

TOWN COUNCIL — Investigation of the makeup and function of the Pacific Beach and La Jolla town councils will be made and reports submitted to the Men's Club membership. Possibility of the Men's Club assuming such a role was discussed, with a decision to follow presentation of the reports.

T. M. Heggland, the county's chief administrative officer, will be guest speaker this Friday at the Men's Club.

Trampoline Center Question Still Goes Unanswered

SAN DIEGO (CNS) — The answer to what a "trampoline center" is was not forthcoming last week, to answer the question that puzzled county officials when a permit for such an enterprise was asked in Lemon Grove.

The reason the question wasn't answered is that county officials, maybe because the application so bemused them, notified the wrong people of the hearing to be held before the County Planning Commission.

The notices were sent to people in Castle Park, who were also being notified of a hearing affecting their area.

Applicant for the trampoline center is Charles J. Rafferty. He is asking for a permit for eight trampolines, which are canvasses stretched on springs, used for acrobatics. The center is to be outdoors, on Imperial avenue, east of Quarry road, Lemon Grove.

Firemen Quell House Blaze

Lemon Grove firemen shortly after noon Monday extinguished a fire at the home of William Farrell, 3762 Milton Road.

Firemen were summoned when smoke was noticed coming from the house. There was nobody at home at the time, they said. They tentatively blamed a cigaret dropped on an overstuffed chair.

Damage amounted to about $1,000, they said, mostly from smoke.

Mt. Vernon School Opening Planned By School Board

A school board meeting, bobtailed by illness of trustees Robert Sjogren and Barney Ambrose, heard mostly routine matters at the first meeting of the new year Monday night.

The board was informed by Byron Netzley, school superintendent that the opening of the new school on Mt. Vernon Avenue would be delayed seven days until February 13.

A complicated program of changeover of pupils and teachers for the opening of the school was described.

Approximately 92 pupils who now live in the Mt. Vernon area will be transferred from San Miguel school. An entire sixth grade from Golden Avenue and fifty pupils and one kindergarten class from Monterey Heights will also be transferred. Netzley said the new school would have a population of 472 pupils the day it opens.

Assistant Superintendent Sam Solleder said seven teachers are needed to complete the teaching personnel at the new school. He said there is a possibility that the additional personnel cannot be obtained by opening date.

Netzley said he had been advised that the State building funds are running low. The average monthly expenditure of $38 millions has been whacked to $8 millions and a priority basis may be set up until a new State bond issue is voted, he said.

He said State officials assured him the shortage was temporary.

The school board considered a plan proposed by the superintendent for revamping the playground area at Monterey Heights school. The new plan will include an on-site parking area to compensate for parking lost when the county erected "no parking" signs on the school side of Canton Drive. The board authorized a topographical survey to be made.

BULLETIN

The luncheon meeting of the Lemon Grove Business Women's League will be held at 12:15 January 21 at Michael's Cafe, instead of this Thursday as originally announced.

Story In Local Paper Gets U.S. Distribution

The National Postal Record, a magazine distributed to postal employes all over the United State, reproduced a story, together with a picture, which ran in this newspaper. The story occupied nearly all of a full page of the January issue of the magazine.

The story concerned a Lemon Grove postman, William Baxter, who saved the life of a Lemon Grove youngster locked in a trunk. Playmates of Bobby Magee, 8, locked him in the trunk which was on the front porch of the house he lived in. The key couldn't be found. Baxter, making his daily rounds, forced the lock open and rescued the youngster.

Baxter lives at 8036 Darryl Street, Lemon Grove.

FIREMEN'S UNIFORMS

The S.V. Firemen's Relief Assn., which met Dec. 5, voted to purchase new suntan uniforms and jackets for volunteer firemen. The exact number of uniforms has not been determined.

Seventh High School Plans Under Study

Preliminary planning for the district's seventh high school was considered by the Grossmont Union High School District board of trustees on Monday evening. Plans were presented for a high school to be located on Sweetwater Springs Boulevard between Highway 94 and La Mesa Airport. The school, designed to open in September, 1961, to relieve the overcrowding which will develop at the Mt. Miguel High School, will be planned initially for 1,400 students with eventual expansion to 2,500.

Associate Superintendent Harold G. Hughes and Assistant Superintendent John T. Warburton presented a general plan for location and arrangement of classrooms and educational specifications designed to meet newer trends in secondary education.. Included were plans for closed circuit television and other electronic devices permitting greater efficiency in instruction and use of teacher time, and provision for various size classrooms which will allow for flexibility in instruction in larger and smaller groups.

One unique feature will be the development of a small food service area adjacent to the gym building which will permit dual utilization of the gymnasium as a cafeteria area. Hughes indicated the site would have considerable grading and drainage problems, but that the architect had solved these with a minimum of earth moving and yet limiting the classroom buildings on three levels with elevation differences of only five feet between each level. The board deferred action on the plans pending completion of the educational specifications and further study.

Hospital Board Names Officers

At their first meeting of the year, directors of the Grossmont Hospital Disrict re-elected all of the present officers of the board.

They are R. Marvin Jackson, president; Ralph A. Peterson, secretary, and Homer J. Streich, treasurer. Non-officer board members are Forace L. Boyd and Jack Atkinson.

Murder Case Here Still Being Probed

The investigation into the fatal stabbing of Howard Thompson, 45, visiting at the home of his brother, George, at 2640 Grange, Lemon Grove, still is continuing, sheriff's deputies said this week.

Mrs. George Thompson, 47, held as a suspect in the stabbing, was released last week for lack of evidence to pursue a case against her.

Her brother in law was found dead on the floor of her home. He had been stabbed and police said marks on his face and neck appeared to be fingernail scratches.

Reward Offered In Burglary

A reward of $500 is offered for information leading to the arrest and conviction of persons responsible for the burglary of Michael's Cafe, 7828 Broadway, Lemon Grove, it was announced by Sheriff's Sergeant Bob Ryan this week.

The cafe was burglarized of $9,000 September 8, 1959. Ray Johnson, cafe proprietor, said the burglary apparently took place between 4 and 7 a.m. No doors were forced and the safe was opened by the combination. All suspects took a "lie detector" test, according to Ryan and all were "negative."

Information will be treated strictly confidential and may be given to Ryan at BE 2-3811; Johnson at HO 6-4145, or to the editor of this newspaper, Max Goodwin, at HO 9-0101.

Waitress Freed on Deadly Weapon Assault Charge

Charges against a Spring Valley waitress, accused of the near-fatal shooting of her employer, have been dropped.

Sheriff's deputies said that Henry Edsel Davenport, 35, owner of Linda's Cafe at 3557 Calavo Drive, Spring Valley, refused to sign a complaint against Mrs. Geraldine McCourry, 38, "and we had to drop the charges."

She was free on bail, accused of assault with a deadly weapon after she reportedly shot Davenport twice in the chest with a .45 caliber automatic "because he was pushing her around and called her a tramp."

Davenport was found badly wounded on the floor of a hallway in the Lemon Grove apartment which he shared with Mrs. McCourry. He lay in critical condition at Grossmont Hospital for more than a week and was in serious condition from then until just before his release from the hospital on Christmas Eve.

The shooting occured at 3 a.m. on December 12, deputies said. Hospital officials said that Davenport's quick recovery from the two chest wounds was "miraculous."

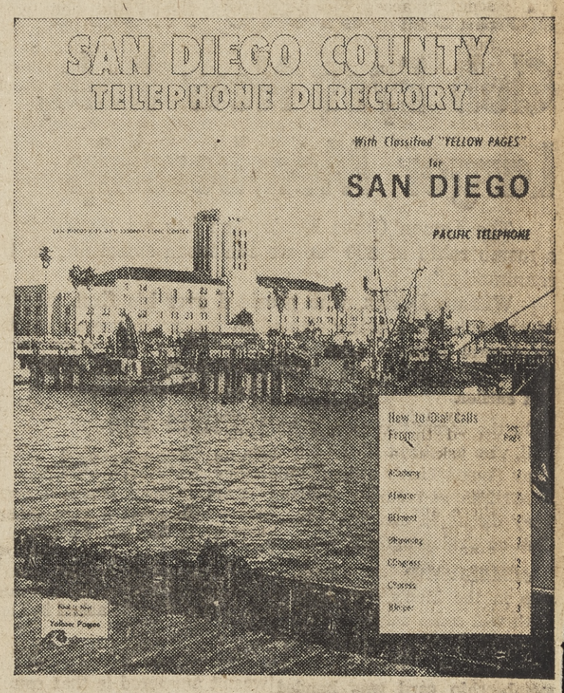
Dick Rose, your Telephone Manager in La Mesa



That's the San Diego city and county civic center in full color on your new 1960 telephone directory cover. And notice, too, the handy new table of contents that tells you where you can find all the information you need to dial locally or across the country. This table refers to the new, simplified information pages in the front of the book which are designed to make telephoning easier and better than ever.

You know that wire that runs from your phone to the pole outside? It's called a drop wire. With lots of new phones going in, you've probably seen phone men hooking up these wires. Most always, they have a few small pieces left over. Do they throw these pieces away? Not at all! These "leftovers" are put together into lengths of wire we can use somewhere else. We do it by melting the leftovers down, along with other scrap metal and cable pieces. And you'd be surprised . . . just from this reclaimed metal alone we get hundreds of miles of new wire every year. So you see, just like a budget-minded housewife we make good use of our scraps! **Pacific Telephone**

The Mail Box

Editor:

Thank goodness I do not have a child in Mr. Carpenter's social science class! (Ed. Note: See "Maibox," Jan. 7)

Even if the young people in Lemon Grove do have jobs and earn money, they need recreation. And where can they even **buy** recreation around here? My family found just movies for years got mighty monotonous. Now we have bowling also, but a steady diet of that is pretty expensive.

And while we are on the subject of recreation, and the attempt at formation of the district, many of us know how much you expended on this commendable plan. I hope you have derived the personal satisfaction you should feel from having worked for and supporting such a wonderful cause, even in defeat (which was caused by inertia, not opposition).

Editor:

Charlie is lost and lonesome.

He came to visit with us last week and all the family like him very much, even the cats seem to accept him as a new participant in the Penery household.

Charlie isn't his real name but we don't know what his name is, and he had no tag or license on his collar chain—so we named him Charlie until we could find out his real name.

Charlie is a beautiful boy Boxer. He isn't a pup, but he isn't an old dog either. He is very polite and tries to do everything the way he thinks we would want him to do it. Whoever raised Charlie taught him very good manners.

Charlie is light brown with a black face and a white spot on his chest. He seems to be very healthy, except that he is very lonely for his real family. We called the city animal shelter to ask if anyone was looking for him, but they said they keep track of 30,000 dogs and there are a lot of Boxers, and if Charlie didn't have a license number there wasn't anything they could do to help.

Then we called the county pound out in Sweetwater Valley, and they said we could bring Charlie to them for four days, and if his parents didn't come after him by then we could have him to keep. Johnny and Ruthie and Susie and Tommy all like Charlie (except Ruthie doesn't like the name "Charlie.") and so do Grandpa and Grandma; and Momma says it feels good to have a dog lying in the middle of the room again.

You see, Freckles had been our dog for several years and he died a few months ago. We all liked Freckles and when we lost him we decided we would have to get another dog, and Charlie is a really fine dog and he lets us know he is grateful for our friendship but he would really like to go home. And I'm sure that Charlie's real family is worried about him and want him to come home.

We thought maybe the newspaper would know who Charlie's family is, but it didn't. I took Charlie down to the office of the Lemon Grove Review to see Max Goodwin. Max remembered his boy Danny had said something about a missing Boxer so he called his wife who thought some of Danny's playmates knew about the missing dog. Danny was in school so I took Charley down to the Palm Avenue school and the principal, Mr. Wiley Cornelius, said he didn't know Charlie and he sent us to Mrs. Holmquist's room where Danny and two of his classmates looked Charlie over. The classmates were Donald Belgard and Dennis Lockhart.

The children realized the importance of finding Charlie's parents, and Danny remembered the name of the lady who had been looking for her lost Boxer, a Mrs. Janice King (this is the name of the lady, not the Boxer) and her two children had been on Palm Street looking for their dog. Several other children in the class thought they knew who Charlie really was, but after they loked at him and talked to him, none really knew.

The mailman came by and he said he had talked to a lady with two children who was looking for their lost Boxer. I called on Mrs. King and she said she was the person who had given her name to the boys and the mailman but Charlie wasn't her dog because her dog had since come home.

So if anybody knows who Charlie is, and where he lives, and who his parents are, please tell the Lemon Grove Review and the people there will call me and I'll bring Charlie home.

The DIMMER VIEW

(Continued)

operate effectively in the area of non-informational suspicion-spreading.

Before we get accused of viewing-with-alarm, let's take a look at some of the rules the FEPC will consider.

It will be unlawful to ask a prospective employe questions relating to his birthplace or the birthplace of his spouse, parents or relatives:

Unlawful to require applicant to submit a birth certificate, naturalization or baptismal records;

Unlawful to question him about his complexion, color of skin or to ask any question through which race or color might be ascertained;

It is lawful to ask the color of hair and eyes.

It is unlawful to question applicant regarding his church-going habits or church affiliations;

Unlawful to require or suggest that applicant supply a photo;

Unlawful to question him regarding his national origin, ancestry, or about the language which applicant commonly uses;

Unlawful to ask questions concerning address of applicant's spouse (if living apart) or ask about minor dependents, or the names and addresses of father or mother or other relatives;

Unlawful to ask name and address of nearest relative to be notified in case of emergency. (However "person" may be substituted for "nearest relative."

Unlawful to ask about military service in general although questions concerning experience in specific branch may be asked.

Unlawful to ask applicant to "list all organizations, clubs societies or lodges to which you belong" unless the applicant is directed to omit the names of such groups whose name or character might indicate race, religious creed, color, national origin or ancestry of its members.

Unlawful to inquire; "Of what country are you a citizen?"

Lawful to ask "Are you a citizen of the U.S?"

These rules, unquestionably give every applicant a chance to get his name in the employment files of larger firms without discrimination but they are formidable.

It will give the applicant a chance to subordinate at least temporarily, his color and race. It will give him a chance to hide permanently his political as well as his religious affiliations even though his politics may be inspired by Communists.

So you can see that the rules by which much good is intended for the workers of our state may also bring a much better chance for infiltration of unwanted "isms."

We hope the rule-makers weigh this into their decision.

Midget Cars Illegal on Roads

Captain R. Gautsche, commander of the California Highway Patrol's San Diego County unit, this week warned owners of tiny gasoline engine powered vehicles to keep them off public streets or face prosecution for violating the state vehicle code.

"A 15-year-old Southern California youngster was killed two days after Christmas when he smashed the midget racer he had received for Christmas into a parked car," Gautsche declared. "The California Highway Patrol is determined to crack down as hard as it can on the illegal use of these vehicles. We don't want any more children killed because they were allowed to violate the law."

Income Tax Fax

A public service of the Society of California Accountants

How many exemptions can you claim?

Each exemption is a $600 deduction. That is, for each exemption you are allowed to make $600 tax free.

Exemptions determine the amount of tax-free income you are allowed each year, and are devised to make the tax fair between single persons, married couples, and large and small families.

You are entitled to one exemption for yourself. You are entitled to one additional exemption if, on December 31 1959, you had attained 65 years of age, or if you were blind.

If you were both 65 and blind, you are entitled to two additional exemptions. You are also entitled to exemptions on the same basis for your wife, if you file a joint return.

If you file a separate return you can claim your wife's exemptions only if she has no income and was not claimed on any other taxpayer's return for 1959.

If your wife or husband died in 1959, the additional exemptions for age and blindness are determined as at the date of death, rather than December 31.

You are entitled to one exemption for each dependent. Additional exemptions for old age and blindness apply only to you and your wife or husband, not to dependents.

Harry Johnston Named Head Coach at Miguel

By Bill Ott

Harry Johnston, assistant football coach for Mt. Miguel High School, has been promoted to the head coaching chores, which were left vacant when head coach Tom Welbaum had a dispute with the district administration, claiming de-emphasis on sports.

Welbaum handed in his resignation before the 1959 season was completed and said he would like to be given another teaching assignment other than physical education and coaching.

Johnston came to Mt. Miguel to serve as Welbaum's assistant, handling the backfield while Welbaum coached the line. Johnston replaced Ben Duea, who wanted to devote all his time to the wrestling team, which has won the Metro League Championship in the past two years under his coaching

With the assistant coaching position open, Duea will return to the gridiron to fill this post, and again will be line coach while Johnston continues to supervise the backfield.

Johnston was head coach at Vista High of the Avocado League before coming to Mt. Miguel, and coached in Dayton, Oregon, four years prior to the Vista post. Johnston atetnded the University of Nebraska before entering the coaching ranks.

Duea is a 30-year veteran of coaching and was athletic director and head coach at West Des Moines High School, and in 1945 while he was line coach at Ft. Dodge, Iowa, High School, the team won the Iowa State Football Championship. Duea attended Iowa State Teachers College before his coaching career began.

Coach Johnston plans to install the split-T offensive formation next fall for the Matadors who finished up the 1959 season with a 5-3-1 record.

Appreciation Night To Draw Sportsmen

A capacity turnout is expected for the Appreciation Night banquet to be held tonight (Thursday) in the Palm Room of the Grant Hotel. The annual event is sponsored by St. Augustine High School and will honor all the county's school administrators and coaches.

Forest Evashevski, head football coach at the University of Iowa, will be the principal speaker for the evening.

County Recreation Director Cletus (Biff) Gardner will present the awards for the evening, which will include special awards to 11 men who have served more than 25 years in coaching or physical education while in San Diego County. An award also will be presented to the "outstanding coach of the year."

A special award will be presented to Marine Recruit Depot football coach Robert (Bull) Frometter by Lt. Gen. Thomas Wornam. Frometter's Marine Devildogs were undefeated during the 1959 season and went on to smash Bolling AFB of Washington, D.C., and win the Poinsettia Bowl game.

Mt. Miguel Drops Game to Braves From El Cajon

Mt. Miguel could not stop the El Cajon Braves in the second half of last Tuesday's basketball game in the Grossmont gym, and the Braves went on to win the game 51-38 with Larry Hancock helping the cause with 18 points.

The Braves jumped off to a 12-7 first quarter lead, but the Matadors bounced back and held the Braves to 12 points while picking up 17 to send both teams into the halftime intermission with a 24-24 deadlock.

Dean Heyenga and Bob Hoss aided Hancock with 12 and 10 points respectively. Bill Wylie and Wayne Stephens paced the loser with 10 points each, followed by Bob Roberson's 8 points.

The victory gave the Braves a 2-1 league record, while the loss was the second for the Matadors against one victory.

Hilltop's Lancers picked up league victory number 3 in as many starts, with a 61-53 win over the Matadors of Mt. Miguel. The loss was the third for Coach Dick Rideway's charges in four league outings.

Robbie Hewitt of Hilltop took scoring honors for the Lancers with 15 points followed closely by Charles Schneider who meshed in 14 points, and Butch Lorson who poured in 13. George Webster's 16 points were good for high game honors, while teammate Dick Schwab followed hitting 13 for the Matadors. The game was played in the Miguel gym.

Score by quarters:

El Cajon	12	12	12	15—51
Mt. Miguel	7	17	8	6—38
Hilltop	17	14	14	12—61
Mt. Miguel	6	16	11	20—53

The Mt. Miguel Matadors Varsity Wrestling team remained undefeated, by scoring a 33-8 victory over the Pt. Loma Pointers last Saturday in action staged in the Mt. Miguel gym. Mt. Once Over Lightly

by Don Wilson

I was lying on the sofa the other evening, quietly reading a short story by Honore Balzaac, when I was interrupted by the soft pleading voice of my wife.

"Please, dear," said wife Paula, "will you get your dirty shoes off the sofa?

"Okay," I said, kicking them off my feet.

"And why," she asked, "are you lying there with your good pants on, getting them all wrinkled?"

"We might have company," I said, turning a page, "and when one has guests one should not be lying on the sofa without pants."

"You're impossible!" Paula said sweetly.

"I'm not impossible," I replied; "my very presence here proves that."

"What I mean," she said, is that I wish that you weren't so careless. Why aren't you like other husbands?"

Well, never having been another husband, I couldn't answer that question.

I could have told her, however, that I must be like other husbands, or at least like other men.

I'm constantly being mistaken for someone else.

As an example, it's almost impossible for me to go to a dime store or a drug store with my coat off and get out again without being asked where some item is. I guess I just look like a clerk.

I'll go in to a store and look around for something. And sure as heck some lady will bustle up to me and ask for the pill department or the greeting card department or the lamp department or some such.

And they always look embarassed when I explain that I, too, am a customer.

All except one lady.

"Well!" she said, outraged, "you look like you work here!"

I've had the same thing happen in book stores.

In fact, it has happened almost everywhere but in a newspaper office. Nobody has ever told me that I look like a newspaper man.

A doctor, maybe, but not a newspaper man.

This is fine, if you're trying to be incognito.

But Paula wasn't exactly talking about this sort of thing.

She's convinced that every husband in the world—except me—is neat in dress, kind in nature and prompt in habit. She is sure that other husbands arise from bed in the morning clean shaven and with a smile on their faces.

Other husbands, she is sure, come to the breakfast table neatly dressed and chuckling softly to themselves as they cheerfully greet the other members of the family.

These other husbands also come home exactly on time, do not loiter on street corners or elsewhere chatting with cronies, never smoke cigars in the living room and never complain about what a tough day they had at the office.

I, it seems, am the only husband with such bad habits.

Occasionally, she watches some television show in which the husband is a slob.

"See?" I say, "there's another husband like me."

And only then does she agree with me.

Jury To Get Newspaper Libel Suit

The libel suit for $125,000 against the Homeland Publishing Co., and Max Goodwin, publisher of the Lemon Grove Review and the Spring Valley Bulletin, filed by Uptown Enterprises, operators of the Ace Drive In Theatre in Lemon Grove, has been set for trial February 10 in San Diego Superior Court.

V. J. Dorman, attorney for the publisher, said the trial will be heard by jury.

Fire Chief's Report Lists 1959 Activity

Out of the 167 alarms answered by the Lemon Grove Fire Department during 1959, only six were false alarms and only one was a "needless" alarm, Fire Chief Harold L. Hensley said Tuesday night in his annual report to district fire commissioners.

Chief Hensley submitted a report compiled by Assistant Chief F. M. Dixon, Captain Harry Alexander and Engineer Bernard P. Griggs.

During the year, the report said, the department put out 25 structural fires, 20 vehicular fires, 6 electrical and 34 grass fires; washed down gasoline spilled at 10 locations; answered 51 emergency first aid calls and made 1,029 fire inspections.

Fire damage amounted to $11,627.96 to structures; with firemen preventing damage to structures in the amount of $619,722. Vehicular fire damage was $1,915 to cars valued at $17,875.

It cost the fire district $1,982.94 for maintenance and operation of equipment during the year; $249.82 for operation of the maintenance shop; and $449.49 for service and repair to district fire hydrants.

Also at Tuesday night's fire commission meeting it was announced that the department had issued an edict to Jack Holt, who operates a liquor store at 7955 Broadway, ordering the removal of a frame building damaged by fire on December 15 and ordering the removal of all other combustible materials from the premises by January 31.

Real Estate Sales Here Still Rising

Real estate sales in the Lemon Grove-Spring Valley and La Mesa area were up to 386 in December from 348 in November.

Based on statistics compiled by the statistical department of the Union Title Insurance Company, James C. Downs, Jr., Editor of Trends, Union Title's monthly real estate publication, forecasts that in the twelve months to come San Diego will undergo a decline in real estate activity which will not be serious nor of long duration, but which "will keep 1960 from establishing new records (as during the past year) in major real estate factors." Real estate sales will measure close to the average totals of 1958-59, and "Mortgage demands will decline somewhat under the influence of a slower construction pace."

County Offers Array Of PGA Golf Pros

San Diego County, led by National Open champion Billy Casper of Chula Vista, will have an impressive array of golf professionals in the annual San Diego Open tournament which starts Jan. 28 at Mission Valley Country Club.

Five San Diego pros—either permanent residents or part-time citizens—have accounted for 13 major PGA tournaments the past year.

Besides winning the National Open last summer, Casper took the Portland, Mobile and Lafayette tuornaments and also captured the Brazilian Open. Gene Littler, only PGA player to take five tournaments in the U.S. during 1959, triumphed atPhoenx, Tucson, Milwaukee, Hot Springs, and in the Insurance City Open at Wethersfield, Conn.

Don Whitt, who represents De Anza Desert Country Club of Borrego Springs on the PGA circuit, won at Memphis and Louisville—on succeeding weekends. Howie Johnson of Meadowlark Ranch, near Escondido, took the Baton Rouge tourney, and Paul Harney, who winters in San Diego, is the defending Pensacola, Fla., champion.

Other San Diego pros who will gun for money in the San Diego event are Ronnie Reif, Bill Blanton, Dick Mayer, Dick Knight and Ted Dorius — all part-time, at least, PGA tourists.

Danish System To Be Used At Youth Fair

DEL MAR—The Danish system, or group judging, of fat animals exhibited in the Junior Department will again prevail at the annual Southern California Exposition and San Diego County Fair to be held in Del Mar June 24 through July 4.

This was determined as a result of a survey conducted recently among former 4-H Club and Future Farmers of America exhibitors. Two hundred eighty eight cards were mailed asking for preference on two types of judging — the Danish system or the American system of placement judging.

One hundred forty seven of the replies favored the Danish system; 18 the American system, one had no preference and 19 favored a modified Danish system. There were 185 replies received out of the 288.

Four-H and FFA activities throughout the county will be stressed at the 1960 edition of the exposition, fair officials said.

GLOBETROTTERS

Tickets are still on sale for the Harlem Globetrotters-Baltimore Rockets basketball game to be held in the San Diego Arena, Friday night February 5. Tickets may be purchased at all Stanley Andrew sporting goods stores throughout the San Diego area.

State College Prof To Study Psychoses Of Elderly Folks

A $37,030 grant from the United States Public Health Service has been awarded to Dr. Oscar J. Kaplan, professor of psychology at San Diego State College, for research in the geriatric psychoses, President Malcolm A. Love has announced.

The grant is for a two-year period.

Kaplan listed symptoms in the geriatric psychoses as loss of memory, learning and other higher functions among older persons. He said, "At present these disorders are swamping our institutions and bringing tragedy to hundreds of thousands. It is vital that we acquire additional information about them."

A major objective of Kaplan's research will be construction of tests for measuring the psychological abilities of victims of geriatric psychosis.

Another goal of the project will be to increase understanding of the relationship between physical changes in the body and mental functioning.

Kaplan said, "If our project is successful in developing a test appropriate to the group under study, it will be useful in evaluating the effectiveness of various therapeutic procedures."

Helix High Coach Quits to Accept Counseling Post

Helix High School coach Bob Divine, coaching the Highlander basketball team, regarded one of the top teams in the county, announced his retirement from coaching last week in order to fill a post as counselor at the new El Granito High School in El Cajon which is scheduled to open next fall. Divine's retirement will not become effective until the end of the current basketball season.

Divine has coached prep basketball for 14 years, seven of then at Helix. The Highlanders won the Metro League co-championship in 1956 and 1957, and are pre-season favorites to take the title this season while under the coaching eyes of Divine.

Divine began coaching in Indiana where he was head coach at Tri-State College, and also coached high school ball and service ball before coming to Helix.

AAUW Sponsors Dr. Fawcett For Local Talks

The La Mesa branch of the American Association of University Women and the Grossmont Union High School District are cooperating this week to present Dr. Claude Fawcett of the University of California at Los Angeles to local groups. A professor of education with wide background in science and math education, Dr. Fawcett will speak Friday afternoon to science and math teachers of the Grossmont District, and he will lecture to AAUW members and guests Saturday in a workshop.

For the science and math teachers, Dr. Fawcett will show the changes he expects in the next ten years in the way science and math courses are organized and in what is taught in them. He will discuss the possibility of unifying the science program, cutting across present arrangements of biology, chemistry, and physics in separate courses. He will also present his ideas on the subject of a good science program for non-college bound students.

Dr. Fawcett was formerly educational director for the Western Division of the National Association of Manufacturers.

Valley School Audit: 'Excellent Condition'

LA MESA—An auditor's report on the books of the La Mesa-Spring Valley School District has been completed and the district's financial records have been described as being "in excellent condition."

John J. Malkind, whose firm conducted the audit of the books and records for the period of July 1, 1958, to June 30, 1959 said, "We found the accounting records of the district in excellent condition, reflecting good internal control and organization." Recommendations were made for the completion of permanent property records and the marking of all equipment owned by the district.

Detailed budgetary breakdowns were presented and analyzed by the auditors. Malkind said, ". . . the accompanying financial statments present fairly the financial position of the La Mesa-Spring Valley School District at June 30, 1959, and the results of its operations for the year then ended in conformity with accounting procedures prescribed by the State of California."

The firm reported the assessed valuation of the district for the 1958-59 year at $57,825,030 on the secured roll and $2,027,750 on the unsecured roll for a total of $59,852,780, providing for a bonding capacity of $2,992,639. Bonds outstanding at June 30, 1959, amounted to $2,899,000, leaving a unused bonding capacity of $93,639. Total expenditures in the general fund for the 1958-59 period was $3,456,277.82. The general purpose tax rate was $1.70 for each $100 of assessed valuation. The report was presented to the Dec. 28 meeting of the Board of Education for review.

Fair To Have International Flavor This Year

DEL MAR—Cultural achievements of nearly 20 different foreign countries will be prominently displayed for visitors to the twenty-first annual Southern California Exposition and San Diego County Fair to be held at Del Mar June 24 through July 4.

In addition to a more elaborate display of British-made goods sponsored by the British American Chamber of Commerce, the House of Pacific relations of San Diego has been assured sufficient space for cultural displays by foreign countries. George S. Priski president of the House of Pacific Relations, said it was the first time the organization has been identified with the exposition.

Highlanders Smash Escondido

Coach Bob Divine's Highlanders have been living up to pre-season basketball ratings and the Scots have shown their ratings as the team-to-beat for the Metro League Championship with two victories last week.

Last Tuesday afternoon, the Fighting Scots smashed the Escondido Cougars 68-38 in the Mt. Miguel gym. The victory was paced by Clayton Raaka, a 6 foot 5 inch forward for Helix. Raaka has been playing recent games with a cast on his left hand, which was broken, but Tuesday Raaka played with two hands and hit the scoring column with 28 points, 20 of them being scored in the first half. The Highlanders ace was helped by his teammates, Jim (Bones) Bowers who put 12 points through the basket before leaving the game because of fouls, and Larry Cook, who scored 10 points.

Joe Galindo was high scorer for the Cougars with 10 points, followed by Steve Thurlow who was checked throughout the game and held to 6 points, his lowest output for the season.

The victory was number 12 for the Highlanders against 2 defeats, both coming at the hands of San Diego Hoover in non-league tilts. The loss left the Cougars with a 1-2 league standing and a 7-6 overall record.

Friday afternoon, Bowers set a new scoring record at Helix for an individual player, with a blazing 44 points in Helix' 98-54 rout over El Capitan in the Mt. Miguel gym.
